

Dear Members

Throughout his career, the late Gerald Kane was committed to AHSFMA and to the on-going educational needs of staff in the health industry.

To honor his memory, the Management Committee has endorsed changes to the use of the Gerald Kane Scholarship. Applications are invited for members of AHSFMA to make application to the Scholarship fund to have the cost of their attendance at the 2008 Lorne Conference fully met.

The awarding of the scholarship is without obligation from the recipient. The only expectation from the Committee is that the recipient/s will enjoy themselves and actively participate in conference activities. The opening of the Gerald Kane Scholarship in this way is intended to encourage members to attend who may have limited training budgets.

Members of AHSFMA are invited to submit an application for the Gerald Kane Scholarship. The Committee will award a number of scholarships. Scholarship recipients will have the full conference cost paid for, including accommodation. Applications will close on Friday 7th November 2008.

All the best

Alan Drews
President
AHSFMA
